8. Clerk Report:

9. Other or Old Business: Atty Greg Schieber gave an updated on the Crescent Valley joint resolution for orderly annexation. The city rejected the townships proposal of 5 years of tax payments and settled on 3 years instead. Following discussion, the consensus of the board was to move forward with the joint resolution and approve the finalized resolution at the October meeting.

Jason gave an updated on the Cul-de-sac on Paar Street. Jason met with Bennett Brothers and went over some possible options to redirect the water. Catch basin is the best idea, but by far the most expensive idea involving drilling under the road and bringing it out on the north side of county road 6. A french drain might be the cheaper option, but Jason would need to contact the county to see if there are any rules about bringing water in there. The other option would be to build the brim up a little more. The feeling of the board was to build up the brim and see if that will works.

Roy gave an updated that he is still working with Travis Zenke to coordinate a time to meet out on North Pine Creek.

10. Supervisors Report:

Jason: Bennett Brothers are just waiting on rain days to finish up the tree trimming. Discussion was held on providing a future notice to township residences making them aware that tree trimming will be done in their area.

Tom: ARPA funding forms have all been filled out and are ready to go. There is a \$30.00 flat fee that MAT charges to register the township. **Wayne made a motion to authorize Bob to sign the paperwork to apply for the ARPA funding and pay the \$30.00 fee to MAT. Jason Wieser seconded; motion carried.**

Bob: Ed did get all the mowing done. The safety switches kept working themselves loose and then when Ed shut the tractor off, he was dead in the road. Bob rescued him and contacted Hammel who came out twice to fix the issue. Bush valley needs some rip raff rock. The alarm went off out at townhall on one of the tanks. The issue was the rain coming out of the downspout was going across the blacktop and running underneath the seal on the garage door into the drain which filled up the tank. An extension was added to the downspout and the seal on the door was replaced by the same contractor that did the other door. The plow truck will need to get in for the annual D.O.T inspection before November.

11. Bills for Audit: **Roy Lemke made a motion to accept the bills as presented, Tom Tornstrom, motion carried.**

12. Adjournment: **Tom Tornstrom made a motion to adjourn at approximately 7:17 pm, Roy Lemke seconded, motion carried.**

Respectfully Submitted, Karen Schuldt, clerk
